Gleniff Mill site — contour plan, 1 m interval (bold every 5 m) · +1 to +38 m · model 1688 × 1207 mm at 1:200
Levels relative to the site datum: 0 m is the lowest ground of the survey (ATU drone lidar, Oct 2025)

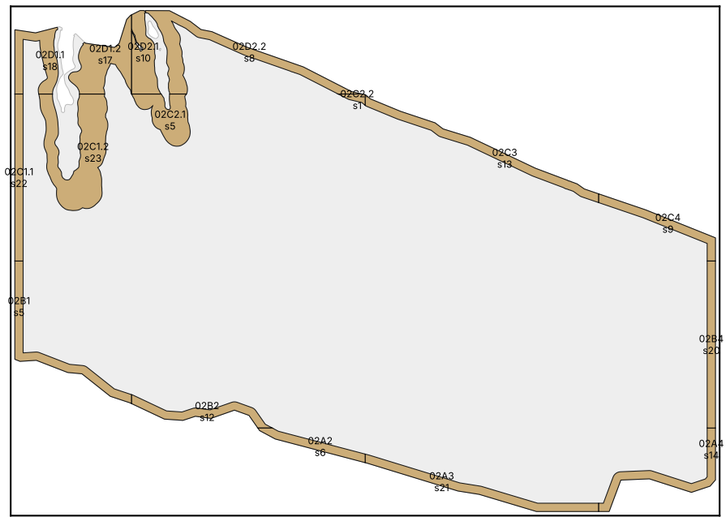

Assembly order — each label is piece ID / sheet number. Glue each layer so its outer edge sits on the blue engraved line of the layer below.
